

Express News Gardening Tasks

Distribute 04-19-2018

- Apply a product such as “Cut Vine and Stump Killer” to the fresh cut when you prune them out of the fence line or in garden beds. Follow label instructions and it will prevent re-sprouting by the unwanted plant.
- Harvest peaches when the background color changes from green to yellow on the fruit.
- The permanent lawn grass should be growing in the lawn. It is a good time to fertilize the lawn with slow-release lawn fertilizer.
- Snapdragons that are showing the rust symptom of rust piles on the underside of the leaves will not recover. Pull the plants and bury them in the compost pile.
